

## Input for the Goodlettsville History

**To all attendees of Goodlettsville High School:** The City is writing a history of Goodlettsville in preparation for our 150<sup>th</sup> Anniversary celebration next summer. One important part will be the good times at Goodlettsville High School. We are looking for special high school memories from the 1920's through the school closing in the 1980's.

Would you please help us recall humorous or other memorable events that occurred during your years at Goodlettsville High School. **List up to three memories** in your high school experience. They should be events or facts that are broad enough that others in your class would likely recall them, as well. They can be humorous, serious, involve you, or perhaps involve someone else. Include the year to the best of your memory. Keep them very short (one line is best). All inputs will be treated anonymously. No names will be included...neither yours nor anyone who is part of your memory.

The following are totally fictitious samples to give you an idea of the kinds of events we are collecting:

- In 1936 one of the Miss GHS finalists was disqualified because she wore a ...
- In 1948 the boy voted "most likely to succeed," flunked biology and didn't graduate.
- In 1959 we formed our first high school marching band.
- In 1968 the principal forgot the words to the Trojan fight song at a pep rally.
- In 1981 we won the state award for...

Your inputs (use reverse side, if necessary):
